AccuRT: a versatile tool for radiative transfer simulations in a coupled atmosphere-water system

The AccuRT Development Team:

B. Hamre[a], J. J. Stamnes[a],
S. Stamnes[b], N. Chen[b], Y. Fan[b], W. Li[b], Z. Lin[b], and K. Stamnes[b]

[a]Department of Physics and Technology
University of Bergen, Bergen, Norway

[b]Light and Life Laboratory
Department of Physics
Stevens Institute of Technology
Hoboken, New Jersey, USA

Suggestions for how to improve this short course will be appreciated.

Thanks for attending!!
